Birth Records of Dr. Salathiel Williams

Defiance County, Ohio

Allen County Public Library
900 Webster Street
PO Box 2270
Fort Wayne, IN 46801-2270

Four Generations of Service as exemplified in the lives of Drs. Nathan, Salathiel, Warren S. and Harold Williams.

Dr. Nathan Williams, the first of ^{this} line of physicians was born in Fayette County, Penn. 1811. When young his father died and Nathan was compelled to care for himself. He attended subscription schools, studying at night while working on farms in daytime. He studied medicine at Connellsville and in 1831 married Lydia Eicher. He removed to Morrow County, Ohio, and later to Defiance County, Ohio, and finally to Kendallville, Indiana. He died Nov. 20, 1892. His son, Salathiel was born ^{at} ~~and~~ Mt. Gilead, Morrow Co. Ohio in 1836. He was educated in medicine in Ohio and practiced with his father in Defiance County, Ohio, before coming to Kendallville, Indiana. He was married to Mary E. Lehman in Defiance County. He was associated with his father, Nathan, in the practice of medicine in Kendallville, but he served in the Civil War from Defiance County, Ohio, coming to Kendallville in 1865. His note book has been copied, and the only regret in connection with it is that it was not continued to a greater length. He kept a record of births commencing in Defiance Co. O. and continuing after his coming to Kendallville. This was continued by his son Dr. Warren Williams and has proved of great value to persons desirous of proving

the date of their birth.

Dr. S. S. Williams died April 30 - 1892

Dr. Warren Williams, son of Dr. Salathiel S. Williams was born in Brunersburg, Defiance Co. Ohio, in 1862. After graduating from Western Reserve Medical School he entered into practice with his father in Kendallville. He was noted as a very fine obstetrician as well as a physician in other branches of medicine. His kind, sincere ways in the sick room endeared him to his patients and his popularity is evinced by the number of boys named for him.

Dr. W. S. Williams died Jan. 25 - 1914

He was followed by his son Harold who at present is one of the leading physicians in Kendallville.

These birth records, also the note book of Dr. Salathiel Williams has been copied by Mrs. H. G. Misselhorn with permission of Mrs. Warren S. Williams, widow of Dr. W. S. Williams, and Miss Lucile Williams, daughter of Dr. W. S. Williams, and in whose possession the records are at this time.

no. 14.

Friday 27.

Resumed my ~~duties~~ duties as Executive Officer this morning - very little to do - made one set discharge papers. Am very hoarse-throat not very painful - Remained in my room in consequence of a very bad cough which renders me unfit for the duties of my office.

Sunday 29.

Much better but still kept my room. Occupied myself in reading a late work.

Monday 30.

Am able to attend to my office though I have very little to do - weather pleasant - made one set of discharge papers for Hugh A. Hook whose thigh I amputated last September.

Friday 12, May 1865.

About one (1) O'clock A.M. when near Waynesville + about ten (10) miles north of Seymour (both in the state of Indiana) the sleeping car attached of a train on the Jeffersonville + Indianapolis R.R. in the state of Indiana + in which I was sleeping, was thrown from the track and fell violently on its side thereby throwing me out and seriously injuring my hip, thigh, knee, ankle, head + face. I was nearly insensible for a short time. I was on the upper side and fell perpendicularly the width of the car, a distance of about five or six feet, the man occupying the bunk above me falling upon my body. The bunk in which he slept also became detached and fell upon me.

My Hip was pressed in between two bunks. A young
~~man~~ lady was nearly killed outright. A young man
 named Coats had his head and face severely bruised.
 J. B. Park, late a Lieut ^{Col.} of the 4th Mich Cavalry
 was also seriously injured. About twenty (20) persons
 were injured. Some seriously, others but slightly.
 Water ran into the car from a ditch beside the road
 into which the car fell. My surgical instruments
 were badly damaged by water - nearly ruining the
